

SDS Search with MSDSonline

Instructions for Searching Department Inventory

To search for an SDS from your IU department inventory, follow the steps below:

1. Go to www.ehs.iu.edu and click on the red button that reads “[Find an SDS](#)”.
2. You will see a page with a search box and some selection boxes for location, groups, etc. (shown here).

AZER SCIENTIFIC | Safety Data Sheet

SECTION 1: PRODUCT AND COMPANY IDENTIFICATION

PRODUCT NAME: Acetone
SYNONYMS: 2-Propanone, β -Keptopropane, Dimethylformaldehyde, Dimethyl Ketone, Methyl Ketone, Propanonene, Pyroacetic Ether
PRODUCT CODES: E5600

MANUFACTURER: Azer Scientific, Inc.
ADDRESS: 701 Hemlock Rd, Morgantown, PA 19543

CHEMTREC PHONE: 800-424-9300
SUPPORT: 610-524-5810
FAX: 610-901-3046

PRODUCT USE: Laboratory Reagent, Solvent
PREPARED BY: CB

SECTION 1 NOTES:

SECTION 2: HAZARDS IDENTIFICATION

GHS CLASSIFICATION: Flammable liquid Category 2; Skin Corrosion/Irritation Category 2; Serious eye damage/irritation Category 2A; Specific Target Organ Toxicity - single exposure Category 3

Signal Word: Danger!

Product #: 183750 From: BRENNTAG MID-SOUTH INC. To: Thursday, September 21, 2017

BRENNTAG SAFETY DATA SHEET

1. Identification

Product identifier ACETONE
Other means of identification
CAS number 67-64-1
Recommended use ALL PROPER AND LEGAL PURPOSES
Recommended restrictions None known
Manufacturer/Importer/Supplier/Distributor information
Manufacturer
Company name Brenntag Mid-South, Inc.
Address 1425 Highway 136, West Henderson, KY 42420
Telephone 270-630-1222
Email Not available
Emergency phone number 800-424-9300 CHEMTREC

2. Hazard(s) identification

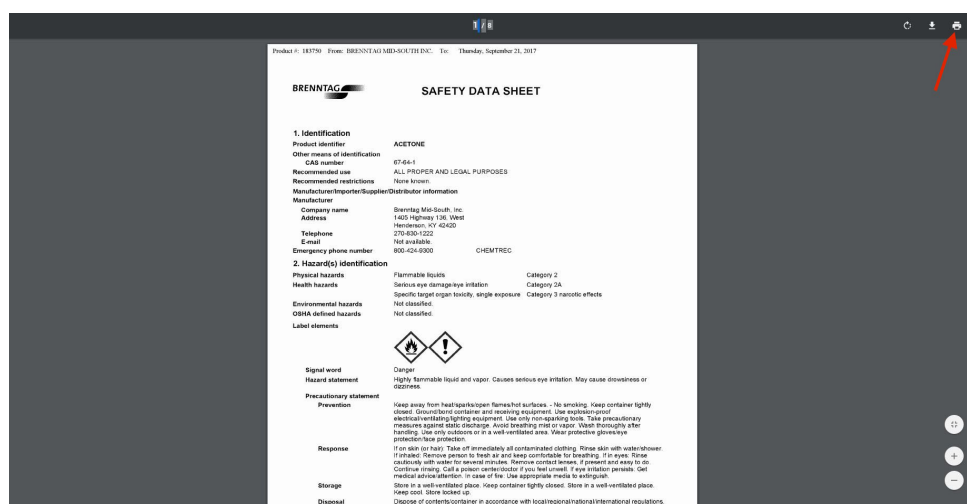

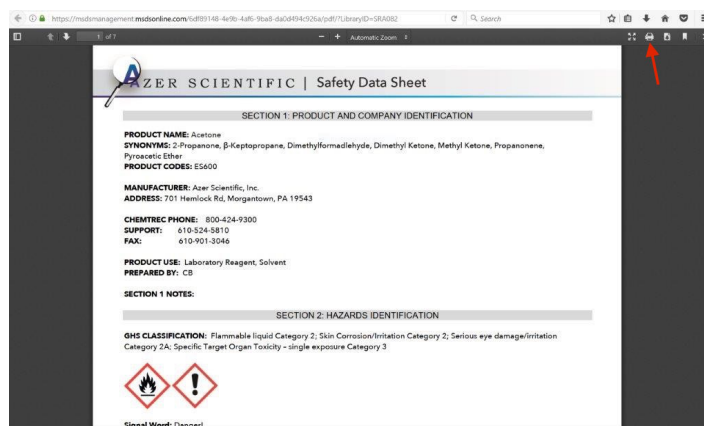

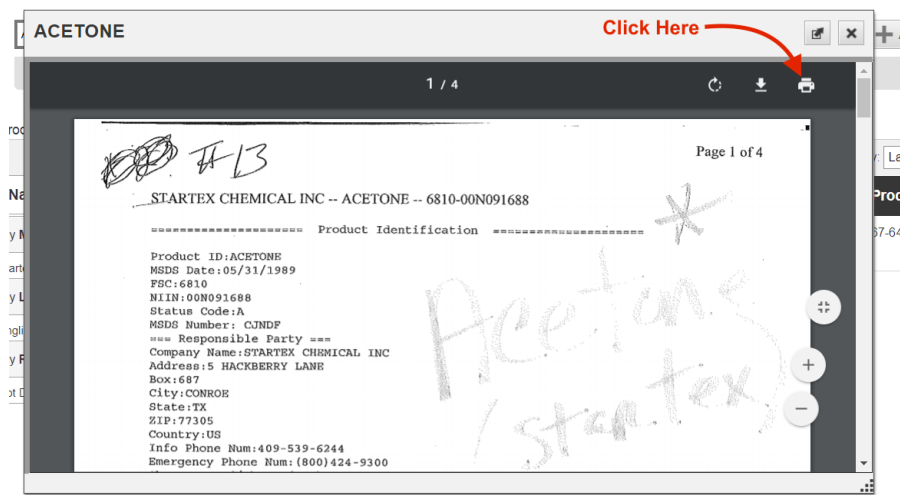

Physical hazards	Flammable liquids	Category 2
Health hazards	Serious eye damage/eye irritation	Category 2A
Environmental hazards	Specific target organ toxicity, single exposure	Category 3 narcotic effects
OSHA defined hazards	Not classified.	
Label elements	Not classified.	

Signal word Danger
Hazard statement Highly flammable liquid and vapor. Causes serious eye irritation. May cause drowsiness or dizziness.

Precautionary statement
Prevention Keep away from heat/sparks/open flames/hot surfaces. No smoking. Keep container tightly closed. Ground/bond container and receiving equipment. Use explosion-proof electrical/ventilating/lighting equipment. Use only non-sparking tools. Take precautionary measures against static discharge. Avoid breathing mist or vapor. Wash thoroughly after handling. Use only outdoors or in a well-ventilated area. Wear protective gloves/eye protection/face protection.
Response If on skin (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower. If inhaled: Remove person to fresh air and keep comfortable for breathing. If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Call a poison center/doctor if you feel unwell. If eye irritation persists. Get medical advice/attention. In case of fire: Use appropriate media to extinguish.
Storage Store in a well-ventilated place. Keep container tightly closed. Store in a well-ventilated place. Keep cool. Store locked up.
Disposal Dispose of contents/container in accordance with local/regional/national/international regulations.

9. If you want to print the SDS, right click on the document or, if a print symbol appears on the screen, click the print symbol (shown here).

10. If your search does not return any results, you may need to contact the manufacturer for an SDS. IUEHS is available for assistance at iuehs@iu.edu or at 812-855-2004.

Instructions for Searching MSDSonline

To search MSDSonline, follow the steps below:

1. Go to www.ehs.iu.edu and click on the red button that reads “[Find an SDS](#)”.
2. You will see a page with a search box and some selection boxes for location, groups, etc. (shown here).

The screenshot shows the MSDS Search interface. At the top, there is a navigation bar with "Log In", "Edit Memory", and "Help Center" buttons. Below this is the Indiana University logo and the MSDSonline logo. The main header includes "Safety Center" and "MSDS Search" tabs. A left sidebar contains links for "All Products", "Locations", "Manufacturers", and "MSDSonline Search". The main content area is titled "MSDS Search" and features a search bar with the placeholder text "Search by Product Name, Manufacturer, CAS#, and/or Product Code or search by indexed fields, Ingredient, Ingredient CAS#, UN/NA#". To the right of the search bar is a magnifying glass icon and a link to "Advanced Search". Below the search bar are several selection boxes: "Locations:" with a "Select Location" dropdown, "Groups:" with a "Select Group" dropdown, and "Product Data:" with a "Select Product Data" dropdown. There is also a "Product Status:" dropdown set to "Active" and a "Custom Tab:" input field. At the bottom of the selection area are "Search" and "Reset" buttons. A footer bar displays "Product name starts with:" followed by a list of letters A-Z, 0-9, and symbols #+=.

3. Click on the “MSDSonline Search” link at the bottom of the left side menu.
4. You will see a page with a search box (shown here).

The screenshot shows the MSDSonline Search interface. At the top, there is a navigation bar with "Log In", "Edit Memory", and "Help Center" buttons. Below this is the Indiana University logo and the MSDSonline logo. The main header includes "Safety Center" and "MSDS Search" tabs. A left sidebar contains links for "All Products", "Locations", "Manufacturers", and "MSDSonline Search". The main content area is titled "MSDSonline Search" and features a search bar with the placeholder text "Search by Product Name, Manufacturer, CAS#, and/or Product Code". To the right of the search bar is a magnifying glass icon.

- Enter a product or chemical name or a manufacturer in the search box (shown here with acetone). Once you start typing, you may see a pop-up list with choices. You can choose the product or chemical that you are searching for from the list by clicking on it or continue typing the name of the material that you are searching for.
